## COURSE OVERVIEW

This unit of competency covers the skills and knowledge required to perform cardiopulmonary resuscitation (CPR) in line with the Australian Resuscitation Council (ARC) Guidelines. This unit applies to all workers who may be required to provide CPR in a range of situations, including community and workplace settings.

## COURSE SUBJECTS

### Responding to an emergency situation

- Recognise and assess an emergency situation
- Ensure safety for self, bystanders and casualty.
- Assess the casualty and recognise the need for CPR
- Seek assistance from emergency response services

### Perform CPR procedures

- Perform cardiopulmonary resuscitation in accordance with ARC guidelines
- Display respectful behaviour towards casualty
- Operate automated external defibrillator (AED) according to manufacturer's instructions

### Communicate details of the incident

- Accurately convey incident details to emergency response services
- Report details of incident to workplace supervisor as appropriate
- Maintain confidentiality of records and information in line with statutory and/or organisational policies

### Review the incident

- Recognise the possible psychological impacts on self and other rescuers and seek help when required.
- Contribute to a review of the first aid response as required.

## ENTRY REQUIREMENTS

- Be at least 18 years of age. If under 18, parental consent is required prior to course commencement.
- USI Number
- Be fit and able to squat, bend over and perform chest compression on a CPR manikin on the floor
- Arrive in suitable clothing (long pants, closed-in shoes, long sleeve shirt)
- Language, literacy and numeracy skills required to interpret legislative requirements and to undertake written and practical assessment activities
- **There are no pre-requisites for this course**
