COURSE OVERVIEW

The application of this unit in the workplace covers the skills and knowledge required to enter and work in confined spaces in the Resources and Infrastructure Industries. This unit is appropriate for those working in operational roles undertaking work in confined spaces. Licensing, legislative, regulatory and certification requirements that apply to this unit can vary between states, territories, and Industry sectors.

COURSE CONTENT

Plan and prepare for working in confined space

- Access, interpret and apply procedures for confined space entry and the environmental management plan and ensure the work activity is compliant
- Obtain, confirm, clarify and apply work instructions, agreed procedure, safety requirements and entry permit
- Review the emergency response procedure
- Identify and implement signage and barrier requirements
- Select tools and equipment for the tasks, check for serviceability and rectify or report any faults
- Position rescue equipment by the entry permit

Work in confined space

- Gain access to confined space
- Ensure that the atmosphere is tested and monitored
- Correctly apply tagging and lock-out procedures

- Enter the confined space correctly
- Maintain ongoing communication with the sentry
- Comply with entry permit requirements

Exit confined space

- Exit confined space correctly
- Recover tools, equipment and materials
- Conduct inspection of the confined space
- Secure access to the confined space
- Remove tagging and lock-out
- Accurately complete confined space entry permit

Clean up

- Clear work area and dispose of or recycle materials
- Clean, check, maintain and store tools and equipment
- Remove, clean and store barriers and signs

ENTRY REQUIREMENTS

- Be at least 18 years of age (Photo Identification is required to be sited prior to course commencement.)
- USI Number
- Be fit and able to climb and crawl
- Not have a fear of heights or confined spaces
- Arrive in suitable clothing (long pants, closed-in shoes, long sleeve shirt)
- Language, literacy and numeracy skills required to interpret legislative requirements and to undertake written and practical assessment activities
- **There are no pre-requisites for this course**
